Report of Independent Registered Public Accounting Firm

The Plan Administrator
Cablevision Choice 401(k) Savings Plan:

We have audited the accompanying statements of net assets available for benefits of Cablevision CHOICE 401(k) Savings Plan (the Plan) as of December 31, 2004 and 2003, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2004 and 2003, and the changes in net assets available for benefits for the years then ended, in conformity with United States generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule G, Part III – Schedule of Nonexempt Transactions for the year ended December 31, 2004, supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) at December 31, 2004, and supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2004, are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

CABLEVISION CHOICE 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

(1) Description of the Plan and Nature of Operations

The following description of the Cablevision CHOICE 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a 401(k) defined contribution plan for the benefit of employees of Cablevision Systems Corporation and certain subsidiaries and affiliated companies (as described) ("Cablevision" or the "Company"), and is intended to constitute a multiple employer plan. The Plan was adopted effective January 1, 1993, and was amended and restated effective as of January 1, 2002, and has since been amended. The Plan generally covers employees who have completed thirty days of service; provided, however, that certain groups of part-time employees can participate after completing one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA").

(b) Management of Investment Assets

Investment assets of the Plan are maintained under a trust agreement with Mellon Bank, N.A. ("Mellon"). All investment and participant loan transactions are executed by Mellon for the exclusive benefit of participants under the Plan.

(c) Contributions

Eligible employees may, at their option defer up to 50% each year of their eligible pre-tax compensation, as defined, (1% to 15% if highly compensated), up to 10% of their after tax compensation into any of the available investment elections. Effective January 1, 2005, highly compensated employees may, at their option, defer 1% to 25% of their eligible pre-tax compensation as defined, up to 10% of their after tax compensation. The Plan provides that the Company will match 50% of the first 6% of a participant's pre-tax contribution to the Plan after completing one year of service. Contributions allocated to the participant's account cannot exceed the lesser of (a) \$41,000 or (b) 100% of a participant's compensation for the plan year. Contributions are subject to certain other limitations.

A participant who has made the maximum amount of permitted deferral contributions for a plan year, and who has attained or will attain age 50 during such plan year, may elect to make additional catch-up contributions. Catch-up contributions will be considered as deferred contributions for all purposes under the Plan, except that catch-up contributions: (a) will not be subject to the percentage deferral limitations, and (b) will not exceed \$3,000 and \$2,000 for the plan years ended December 31, 2004 and 2003, respectively.

CABLEVISION CHOICE 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (continued)

(d) Forfeited Accounts

Forfeitures are used to reduce employer contributions. Forfeited amounts will be restored to a participant's account only if the participant is rehired prior to achieving a five-year break in service and repays the amount of his or her distribution received as a result of his or her separation from service. At December 31, 2004 and 2003 forfeitures totaled \$719,825 and \$359,948, respectively. Also in 2004 and 2003 employer contributions were reduced by \$34,713 and \$505,446, respectively, from forfeited non-vested accounts.

(e) Participants' Accounts

Each participant's share of the Plan's assets is recorded in an account established for that participant. Each participant's account is credited with the participant's contribution, if any, and the participant's share of the Company's contribution, adjusted to reflect income and losses realized and net appreciation or depreciation in the value of the Plan's assets. All contributions to the investments described below are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(f) Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. The Company's matching contribution, plus earnings thereon, vests 20% after one year of credited service and 20% annually thereafter, so that a participant is 100% vested after five years of credited service.

(g) Payment of Benefits

Upon retirement at normal retirement age, as defined, death, or termination of service, a participant's vested interest in the Plan becomes payable to the participant (or his or her assigned beneficiary in the case of death). A participant may elect to receive benefit payments in annual installments of up to 15 years, a lump-sum amount or as a direct rollover contribution to an eligible retirement plan of all or part of the payment.

(h) Registered Investment Company Mutual Funds

The Plan's investments in registered investment company mutual funds represent the Plan's participation in certain mutual funds whose value is determined by the performance of the underlying investments held by the fund. The Plan's investments in these funds are not guaranteed as to principal or interest, and their values vary with the performance of the funds. The following mutual funds were available for participant allocations at December 31, 2004 and 2003:

(i) Managed Equity Investment Portfolio

Managed equity investment portfolio represents the Plan's interests in primarily equity securities managed by the Sanford Bernstein Fund.

(j) Cablevision Stock Fund

The Plan maintains an investment in the Cablevision Stock Fund which consists primarily of investments in Cablevision NY Group Class A common stock.

The Cablevision Stock Fund held 3,380,423 and 3,246,604 shares of Cablevision NY Group Class A common stock valued at quoted market value of \$84,172,533 and \$75,953,271, at December 31, 2004 and 2003, respectively. The Cablevision Stock Fund also held 2,064,140 and 2,345,409 shares of TBC Income Pooled Employee Funds (a temporary investment fund) with a market value of \$2,064,140 and \$2,345,409 at December 31, 2004 and 2003, respectively.

(k) Common/Collective Trust Fund

The common/collective trust fund represents the Plan's investment in the Stable Value Fund which invests primarily in a diversified portfolio of Guaranteed Investment Contracts (GIC's) issued by insurance companies, which guarantee the principal and rate of return on the GIC's. The value of the portfolio is not guaranteed.

(l) Cash Equivalents

Cash equivalents represent monies held in various holding and disbursement accounts maintained by the Trustee pending allocation or disbursement to participants for benefits. These accounts invest primarily in short-term money market instruments.

(m) Participant Loans Receivable

Subject to approval by the Plan's administrator, participants can have two loans outstanding at one time, a general purpose loan and a home purchase loan, or two general purpose loans. Participants may borrow from their fund accounts a minimum of \$1,000

CABLEVISION CHOICE 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (continued)

up to a maximum equal to the lesser of (a) \$50,000 (reduced by the participant's highest outstanding loan balance during the preceding 12-month period), or (b) 50% of the vested portion in the participant's account. The loans are secured by the balance in the participant's account. Such borrowings generally must be repaid within four and one-half years (or ten years when it is for the purchase of a principal residence) and up to 25 years for pre-existing loans for the purchase of a principal residence, that transferred into the plan effective with the merger of the MSG Plan in January of 2001. All loans bear interest at a rate fixed by the administrator based on the interest rate currently being charged by reputable financial institutions for loans of comparable size, risk and maturity when the application for the loan is approved. Participant loans receivable as of December 31, 2004 and 2003 bore interest at rates ranging from 5% to 10.5% with maturity dates through 2024.

(n) Due to Broker for Securities Purchased

This liability represents unsettled investment transactions which are in process at the end of the plan year.

(o) Plan Termination

Although it has not expressed the intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants become fully vested in their accounts and the assets of the Plan will be distributed to the participants in accordance with the provisions of the Plan and ERISA.

(p) Related Party Transactions and Administrative Fees

Certain plan investments are shares of mutual funds managed by Mellon. As Mellon is the trustee of the Plan, transactions involving these funds represent party-in-interest transactions. Administrative and investment management fees of the Plan are paid by the Company if not paid from the assets of the Plan. Administrative and investment management fees paid to Mellon, a party-in-interest, from Plan assets in 2004 and 2003 amounted to \$25,351 and \$8, respectively.

CABLEVISION CHOICE 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (continued)

(2) Summary of Significant Accounting Policies

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America. The more significant accounting policies followed by the Plan are as follows:

(a) Basis of Presentation

The accompanying financial statements have been prepared on the accrual method of accounting.

(b) Investment Valuation and Income Recognition

The Plan's investment assets are stated at fair market value at the end of the plan year as determined by quoted market values. Shares of mutual funds are valued at the net asset value of shares held by the plan at year end. Participant loans receivable are valued at cost. The difference between cost and fair value is not material to the Plan's financial statements as of December 31, 2004 and 2003. Common/Collective Trusts are valued based on the quoted market prices of the underlying assets held in the fund. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. The Plan's investment assets are not guaranteed as to principal or interest, and their values vary depending upon the performance of the underlying investments.

(c) Payment of Benefits

Benefits are recorded when paid.

(d) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(e) Risks and Uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The \$27,031 plus foregone interest of \$969, included as employer contribution receivable at December 31, 2003, was repaid to the Plan by the Company in 2004.

(5) Tax Status

The Internal Revenue Service has determined and informed the Company by a favorable determination letter dated October 3, 2003, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). In January 2004, the net amount due to the Plan was deposited to the Trust. The Company also reimbursed the Plan for lost earnings of \$1,172.
